Work Experience

FULL STACK DEVELOPER JR

OXYGEN Academy & Recruiting | Oct 2023 - Ongoing

Development of the project "**Hotel Miranda**"

- Web Page Hotel Miranda

A website designed to provide information and streamline room reservations at our hotel. Developed using technologies such as **HTML**, **CSS**, and **Javascript**, along with leveraging the powerful **SwiperJS** library for an even more dynamic and appealing user experience.

- Dashboard Hotel Miranda

An application designed for the management of reservations, viewing comments, and user administration at Hotel Miranda. Developed using advanced technologies such as **React** and **React-Redux**, and enhanced with specialized libraries like **React-Toastify** and **SwiperJS**, ensuring an efficient and appealing user experience.

- Backend Hotel Miranda

Development of a **REST API** in **Node.js** and **Express** to manage the connection with the Hotel Miranda's database. Two versions of this API were created: one using **MySQL** and the other based on **MongoDB**.

Formación académica

FULL STACK DEVELOPER JR

OXYGEN Academy & Recruiting | Sept 2023 - Oct 2023

Agile methodologies, organized into weekly sprints with the presence of mentors, and weekly meetings with the Product Owner to assess the project's progress.

- Oxygen Shop

E-commerce web page for the company "Oxygen".
Developed with **HTML**, **CSS**, **Javascript**

- Photo Gallery

Photo management application utilizing the Unsplash API.
Developed with **React**, **React-Redux**, and **JavaScript**.

INGENIERIA ELECTRÓNICA

Nueva Esparta University (Venezuela) | Feb 2005 - Julio 2011
